SIMIODE Textbook in Paperback Ready for You - Also Call for Papers

Item 1 - Paperback of SIMIODE Textbook

Thank you for purchasing our SIMIODE digital textbook, *Differential Equations: A Toolbox for Modeling the World*. We hope you are enjoying the modeling approach to differential equations.

In appreciation for your support we bring you a special offer - our new paperback version of the same text for only $45. The set price for paperback and pdf is $79. **Order now** and enjoy the feeling of a solid text, rich in detail, and an alternative to online reading. You will continue to receive free upgrades and editions of the pdf version.

Item 2 - Call for Papers

The *International Journal of Mathematical Education in Science and Technology* is planning a SIMIODE Special Issue: Using Modeling to Motivate and Teach Differential Equations. We invite colleagues to submit abstracts for consideration. See **complete details**.

Thank you.
